The Flexischools app is the easiest way to place online lunch orders, buy school uniforms, and receive instant notifications from your school.

How to set up your Flexischools account

1. Download the Flexischools App

2. Register

Open the Flexischools App and click 'Register'. Submit your email address to create an account. Go to your inbox and open the registration email from Flexischools. Click on the link and follow the registration process.

3. Log in to your Flexischools account and enter your child's details

Once your account is set up, log into the Flexischools App. Select the 'Profile' icon on the navigation bar. Under 'Students', click 'Add new'. Enter your child's name, school, year level, and class. Click 'submit'.
